Oberle said they would

tiniss a settlement between the boss es and building trades is soon effected failure must follow to some of these firms.

The condition is the result of the strike, through its several steps of development, of the Housesmiths against the Iron League.

About a month ago, when the housesmiths were all but defeated, their purpose being to unionize the shops of cornel Bross and the Jackson Architectural fron Works Company, the Board of Walking Delegates stepped in and took charge of the light for the Union. Since then it has spread until all but two of the building trades are involved and building construction is completely paralyzed.

Teday it seems as if the difficulty had resolved Reel into a battle between the Building known him for over thirty years, and in spite of everybody and every-thing material besiers' Association and the

drivers independent of any union. It has with failure.

Then the material dealers were put in the advance line of the fight white operations. Sheriff Norton said that so far as he knew were, it is said, directed by the Executive were, it is said, directed by the Executive. of aggressive warfare was agreed upon and the drivers and carrimen were given their choice between signing an agreement to deliver material wherever directed or to suffer a lockout. Notices were posted to that effect on July 11 to take effect on the following Monday.

Monday.

The chaptoyees struck the next day.

Non-thion drivers were employed to fill, to some extent, the places vacaged by the strikers, and material after a few days began to arrive at the jobs in small quantities.

Housesmiths belonging to the Structural Iron-Setters' Union, which was formed by the Iron League of men who had been members of the regular Union and others who had been members of the regular Union and others who had have received a read were who had have received a read were who had been members of the regular Union and others who had have read were well as work on the list of the regular Union and others who had have read were required to the regular Union and others who had been members of the regular Union and others who had been read were required to the regular Union and others who had been read were required to the results of the regular Union and others who had been read were required to the read to the r

This part of the work progressed, but the This part of the work progressed, but an expensive and stone-cutters and trustees of the local branch and the Mutual framers and other trades represented in the Board of Walking Delegates refused to handle the material or to work on any job where any other society of artisans persisted in opposing the Board of Walking Delegates. The deliverage of the local branch and the Mutual inch mills and the eight, ten and tweive-inch mills and the plate mill are in operation. Te-morrow Supt. Dilion says the second in opposing the Board of Walking Delegates. The strikers are not interfering in any way with the work-inch mills to-day, and the eight, ten and tweive-inch mills and the plate mill are in operation. Te-morrow Supt. Dilion says the second plate mill will be starced. The strikers are not interfering in any way with the work-inch mills to-day, and the eight, ten and tweive-inch mills and the plate mill are in operation. Te-morrow Supt. Dilion says the second in the mutual company appears to be company and the eight, ten and tweive-inch mills and the plate mill are in operation. Te-morrow Supt. Dilion says the second in the mutual company appears to be company and the eight, ten and tweive-inch mills and the plate mill are in operation. Te-morrow Supt. Dilion says the second in the company appears to be company and the eight, ten and tweive-inch mills and the plate mill are in operation. The morrow supt. only progress at a snall's pace.

The Material Dealers Association is composed of Candee & Smith, Martin & Co., John Bell & Son, Canda & Kane, Nathaniel Wise, Rufus Dacrow, W. H. Schmohl, W. J. Peck, Goss & Koszil Company, James Rogers, Manchester & Philbrick, Allen & Co., Murtaugh & Martin & Willes & Roderson and Calvin

McCarty, Miller & Robinson and Carty Tompkins.

Material coming from any of these firms who control the trade of the city, is black-listed by the delegates and union men refuse to work with it.

Several contractors have agreed to purchase material from Jersey City firms, but on such jobs the Cornells or Jacksons have contracts and the delegates will not raise the boycott.

Several material dealers, it is said, are

trikes on small jobs in different parts of terial bosses.

It is estimated that 20,000 men, mest of them with families, are now out, and the number is being augmented by new strikes

It is supposed that what prompted Oberle's act was worriment over his arrest nearly a year ago for ill-treating a boy.

It happened inst September. Oberle was a watchman in the New York Central yards at the foot of West Thirtieth street. He was arrested on Sept. It charged with clubbing arrested on Sept. It charged with clubbing cleven-year-old William Moran, of 451 West Thirty-second street.

The boy was collecting chips in the railroad yard when Oberle drove him away. He threw his club and struck the boy, knocking him down and atterwards beat him with his circle. The lad deame near dying from his highers. He recovered, but is now a cripple and his hearing is impaired.

The lad identified Oberlee as his assailant, and the watchman was tried before Judge of Oberle's mind and he feared he would be sent to prison.
